WHAT DO WE PLANT?

What do we plant when we plant the tree? We plant the ship, which will cross the sea. We plant the masts to carry the sails; We plant the planks to withstand the gales. The keel, the keelson and beam and knee; We plant the ship when we plant the tree. What do we plant when we plant the tree? We plant the house for you and me. We plant the rafters, the shingles, the floors. We plant the studding, the laths, the doors. The beam and siding, all parts that be; We plant the house when we plant the tree. What do we plant when we plant the tree? A thousand things that we daily see; We plant the spire that out-towers the crag. We plant the staff for our country's flag. We plant the shade, from the hot sun free; We plant all these when we plant the tree. —Henry Abey.

## Legalized Gambling

Where Millions Are Made and Lost—Daily

Herewith are marshaled a few facts and some deductions for the benefit of those who are in the habit of taking flyers in stocks, writes the New York correspondent of The Times-Star. The perusal of these paragraphs will perhaps persons make for whose information they are intended swell up with pride. It will bring them to an appreciation of all the magnificence they support. To start with I quote a man who is eminent in the commerce of this city and the Nation. He says:

"Every month there is poured into Wall Street brokers' offices over \$30,000,000 by people throughout the country who are anxious to pick up a little something for nothing through the medium of a quick gamble. Of this vast sum, over 90% sticks to the broker's fingers. About 10% dribbles back to the investors—to be sent into the Street again, with more added.

Wall Street laughs at the 'suckers.' If it were not for suckers, there would be no Wall Street."

The brokers' rake-off from stock market deals supports an army of 250,000 men, who have desks in the financial district and homes of various degrees of comfort and luxury in the city. In one building in Broad street there are 7,500 men who depend for a living and whatever of fortune they may amass upon the fluctuation of stocks. If stock gambling did not exist, that building would be tenantless, and if all its tenants went to work, they would increase the number of workingmen in this country as much as would the annexation of a town of 30,000 people to our territories.

There are 1,100 members of the New York Stock Exchange, each of whom has invested about \$2,000 for his "seat"—for the right to buy and sell stocks for customers on the floor of the Exchange. Each man represents a firm of from two to seven members. Make the

average three, and you have 3,300 men whose incomes are from \$15,000 to \$100,000 a year—and the fractional daily fluctuations of stocks pay them this vast revenue. Each firm employs a curb broker and from six to forty clerks, at salaries of from \$25 to \$200 per month. The eighths and quarters that are chalked up on the boards in the brokers' offices pay all these salaries. From the head of the firm down to the humblest clerk, there is not a "producer" in the lot. Then there are the Banks—nearly enough of them to make a solid street from Fulton to the Battery. They support from 60 to 350 men each, at salaries of from \$1,000 to \$100,000 per year, by merely handling the money that flows into Wall Street, and keeping a little bit of each amount that passes through their till. There are also the Consolidated, the Produce, the Mining, the Cotton, the Coffee, and other Exchanges, with their thousands of members, and the clerks and underlings which each member must have in his employ. There are hundreds of lawyers—many of them having tremendous incomes—who do nothing but Wall Streets law business. Then there is an army of messengers, stenographers and other dependents at salaries which are too small to mention in this capitulation. All of them live on the money that the country sends into Wall Street, and every man who sends his money in expects to get it out with something added to it.

Two-thirds of the high lives in New York come from Wall Street—their incomes do. The poorest member of the Stock Exchange is worth \$100,000 and the richest \$60,000,000. There is hardly a man in the Exchange who hasn't his automobile, and every one out of 20 has his steam yacht. It costs from \$25,000 to \$200,000 a year to maintain a steam yacht such as a Wall Street man would consider worthy of the name.

When you come to think it all over, the estimate of the eminent commercial authority whom I quoted at the beginning of this letter seems ridiculously small. It doesn't seem enough, by half, to keep Wall Street going. And the subject suggests an incident of the last international yacht races, in which an Englishman gave vent to a bit of unconscious humor which no member of his race ever excelled. He was one of a party on board an excursion steamer, going out to see the races. An American friend was pointing out the various steam yachts in the fleet, and telling the names of their owners. The Englishman listened thoughtfully as the brief identification of each boat and her owner was given him. Finally he said: "Bless me! Do they all belong to brokers? Where are the customers' yachts?"

## STRANGE ACCIDENT

Flock of Wild Ducks Broke Telephone Wire That Crosses River

The numerous flights of ducks from the South to Northern climates the past few weeks have afforded genuine and exciting sport for the hunters in this section.

Monday a novel sight was witnessed by a half hundred people who at the time were basking in the morning sun and taking in the sights to be seen along the river front.

Far in the distance, following the course of the river and high in air, a dark cloud was observed coming up from the Southwest.

The anomaly of a fast moving cloud in an otherwise clear sky caused general comment and eager eyes watched its approach in wonderment.

On and on it came and while yet a considerable distance off it was discovered that instead of a cloud darkening the sky it was an army of thousands of ducks in their passage from the South to their spawning grounds in the North. The greatest sight was yet to be witnessed.

A commander was in front leading and the one behind extended a fourth way across the river.

They passed on up quacking and making as much noise as a Chinese army.

As they passed the Fifth Ward their advance and main body came in contact with the telephone wires that cross the river at this point with such force that one of the main wires was broken and in the impact enough ducks were killed to load a skiff.

The river for a time was covered with dead ducks.

Manager Matthews informed THE LEDGER that business was not interrupted, as only one wire was broken.

## DON'T BE SATISFIED.

Why Be Content With Relief From Backache When a Maysville Woman Shows You the Cure?

Don't be satisfied with relief. Brief freedom from backache. Reach the root of the trouble. Cure the cause, and backache disappears for good.

It can be done.

Doan's Kidney Pills make lasting cures. Experiences of Maysville people prove this. Here's one Maysville case of it.

Mrs. Lizzie Bridges, wife of Elmer Bridges, of 206 West Third street, Maysville, Ky., says: "In March, 1900, I gave a testimonial praising and recommending Doan's Kidney Pills and in it I told how I learned the great value of this remedy. I had been troubled with a bad back and weak kidneys from girlhood, and in my efforts to find a cure I tried every medicine I could find but without benefit until I began using Doan's Kidney Pills, procured at J. Jas. Wood & Son's Drugstore. They proved just the remedy I needed went right to the cause of the trouble and as a result brought relief that led me to testify in their favor." I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of old trouble."

Forsale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## Our Formal Opening of Paris and New York Hats

On Thursday, Friday, Saturday In Our New Millinery Saloon, Market Street Annex.

A complete revolution of styles marks the advent of dozens of Paris hats. Not in years, not since the early days of our mothers, have styles taken so sudden a plunge into utterly changed fashions. It is as though we had slumbered since the sixties and awakened now to find ourselves again in the sixties. Hats are simple, fascinating, not much trimmed, not loaded down with much gew-gaws; trimmings are mostly flowers, so real that they seem to have just been gathered. But the CHARM of the hat really lies in the TILT and ANGLE at which it is worn. This tilt gives the woman that sort of "venez-y-voir," fascinating, bewitching air that, whether they confess it or not, the feminine gender likes to have. WE BOUGHT AN ENTIRE LINE OF PARIS HATS, the Real Things, besides many hundred New York models. We also purchased nearly 1,000 beautiful flowers for trimming at less than half price; also, over 300 Baby Caps at a great sacrifice.

A HAT GIVEN AWAY. DON'T FORGET TO REGISTER.

## Free Corn for Seed!

On Monday, April 3d, 1905, Mason County Court Day, I will give to the farmers of Kentucky and Ohio, whose farms are located outside of Maysville, ten ears of seed corn, a part of the corn that was exhibited at the Tobacco Fair February 22d, 1905. In order to get this corn it will be necessary for you to cut this advertisement out and write your name and address in the blank place below arranged for that purpose, bring to my office, No. 215 Court street, any time after 9 o'clock of that day. Those who come first will be sure to be accommodated. This is said to be the finest corn ever exhibited. Don't ask for more than ten ears because you will be refused. This is sufficient to give you a fine start for seed corn next year. Remember, you can get either white or yellow as long as the supply lasts. No conditions are imposed upon you, but every farmer is requested to make preparation for an exhibit of corn, wheat, potatoes and tobacco at the Fair which will be held next February.

## House Work

Need Not  
Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration of the womb and ovaries cause fearful bearing down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

## Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When monthly periods are painful or irregular, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

### It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed.

My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system.

I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

HONORA LILLIAN HENRY.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Upon this statement from Dr. Pollock I gave my consent for the child to come home; but later in the evening, having ascertained that there was considerable feeling in the neighborhood, I then told the people at Mr. Gault's not to bring the child home until further notified. But the child was brought home Monday, and on receiving knowledge to this effect, I visited it and found diphtheritic membrane in its throat, and the house was placarded and proper precautions taken to prevent spread of same.

It is not the fault of Mr. Donovan and the Board of Health that this child was brought home, and in this connection I demand that physicians in this city report all contagious diseases to the Board of Health, composed of J. E. Parker, J. H. Dodson, R. A. Cochran, Mayor W. E. Stalcup and myself. Respectfully, W. S. YAZELL, Health Officer.

Monday evening between 6 and 7 o'clock Mr. John McIlvain was standing in front of the Manhattan Restaurant watching an East-bound freight train pass. When directly opposite Mr. McIlvain the locomotive passed over and exploded a torpedo placed on the rail, a part of the flying missile striking the gentleman in the face, making a slight wound. Had it hit a fraction higher it would have penetrated the eye and destroyed the sight.

The Queen City on her up trip last night received 20 tons of hay and other freight here.

About three feet of water is in the hull of the steamer Virginia, at the Queen City Marine Ways for repairs. No damage will result, and work will resume as soon as the river falls.

Captain William B. Strickler, aged 67, of Newport, died suddenly Saturday of heart failure. He was a pilot on the Ohio and Mississippi rivers for 50 years. He was Chief of Police of Newport for four years.

At Cincinnati Monday the towboat firm of Collins & Hartweg started the Catherine Davis for Florence, Ala., with a tow of fourteen barges of coal. The coal was brought from the Kanawha, and will be taken down the Ohio and up the Tennessee to its destination, a distance of 1,600 miles. This is the first time this trip has been made since the railroads took the river freight business. When the Catherine Davis reaches Florence she will be reloaded with peanuts for the Cincinnati market.

Miss Effa Gould of Coldwater, Mich., writes: "I was so tired, run down and extremely nervous that I was obliged to stay out of school, and the doctor thought I would have to give up entirely, but he advised me to try the new cod liver oil preparation, Vinol. I did so, and two bottles have made a wonderful improvement. I have resumed my school work and feel strong and well now. I have the greatest confidence in Vinol and feel like recommending it to every tired-out, over-worked school girl or boy, as it did so much for me."

Our local Druggist, John C. Pecor, says: "There is no doubt Vinol is the best medicine in the world for growing school girls and boys.

It is not a patent medicine, but a delicious cod liver oil preparation, containing in a concentrated form all the strength-creating, body-building elements of cod liver oil, but without oil or grease, and it cannot upset weakened stomachs as do old-fashioned cod liver oil and emulsions.

"Vinol contains just the elements necessary to make for each child new vitality, sound flesh and muscle tissue, strong bone structure, rich, red blood, and create strength.

"We ask every mother in Maysville to try Vinol for their children, on our guarantee to return the money if it fails. There is also nothing equal to Vinol to create strength for old people or people who are run down, tired and debilitated. If you try it and don't like it we will give your money back." JOHN C. PECOR, Druggist.

## You Can Feel

## Better at Once!

When everything seems an effort, when you feel tired most of the time, when you wake up every morning as tired as when you went to bed,—then there is something wrong.

Nature is protesting against some neglect or some abuse.

Nature protests more often against nerve neglect than any other cause.

Remember, your strength is not in your muscles—the muscles simply work when the Nerve Force tells them to.

Even your brain does not work by itself—the substance in your brain cells must have energy to do its work; this energy must be nerve force—the same great power-of-life that controls every organ of the body.

Every form of weakness, or sickness, or disease, comes from a lack of Nerve Force to keep the organs working properly.

When one speaks of "a good constitution," one simply means a strong, healthy nerve system.

When the nerve system is not strong and well-nourished, it follows inevitably that one is easily "over-worked"—easily run down—just as Mrs. Lowry describes.

"For several months my system had been run down and I felt all worn out, tired, did not feel able to get out of bed in the morning and felt just as tired when I got up as when I retired. Had no appetite and looked pale and sallow. A friend who had used Paine's Celery Compound a couple of years ago, and who recommended it very highly, induced me to try it. I felt better at once and I found that at the end of six weeks it had changed me into a well woman, and I cannot say too much in its praise. I shall take a bottle every Spring and Fall and feel sure that it is all the medicine I shall need. Very truly yours,"—Mrs. Ina M. Lowry, 3109 Dunham Ave., Kansas City, Mo. (Worthy Matron Order of Eastern Star; Rec. Sec. Kansas City Friendly Aid Society.)

Paine's Celery Compound is giving new Nerve Force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up the run down system to full, ruddy health.

Two days' treatment proves its marvelous power. You feel better at once.

Try Paine's Celery Compound to-day. Take just one dose when you go to face the hard part of the day's trials.

See how much better you feel.

See how much more easily the trials roll away.

Paine's Celery Compound feeds the nerves—restores them to their strength—gives them new power to send vitality and health to every part of your body, new courage to your heart, new animation to your brain.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

### A FOOLISH PLAN

"Tis a joy to eat—I welcome my dinner hour; Because I rout indigestion with August Flower!

Constipation is the result of indigestion, biliousness, flatulence, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.

"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."

What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.

August Flower gives new life to the liver and insures healthy stools.

## Be A Real Woman.

No. 805 Pearl Avenue,  
HOUSTON, TEXAS, May 14, 1908.

I was barren during the six years of married life, suffering with painful menstruation and a dozen other aches and pains. I was a poor example to a wife and was not able to be up more than about half the time and daily grew weaker and weaker. Wine of Cardui changed me into a different woman in five short months, made me robust and strong. I am very grateful to you for my good health and am today blessed with a baby who is the pride of our home and this is all due to your medicine.

Wine of Cardui brings health to sick women. Wine of Cardui brings children to barren homes.

How can any woman refuse the health Mrs. Mason has? Any woman can secure exactly the same relief if she will take Wine of Cardui. Wine of Cardui is a certain cure for menstrual irregularities. It will not do impossibilities but it does cure bearing-down pains, makes motherhood possible for barren wives and relieves the pains at the monthly period. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles Wine of Cardui.
